

COAST GUARD HAS AN EXCITING TIME

Saves Much Property and Many
Lives During Year

CHASES RUM SHIPS TOO

Washington, Nov. 22.—Chasing rum runners is not the only excitement in the life of a member of the United States Coast Guard, the activities of which, made public today in the annual report of the service, embrace a line of endeavor in numerous directions in saving life and property at sea. Some of the achievements of the Coast Guard during the last fiscal year were listed in this way:

Record of Year.
Lives saved, or persons rescued from peril, 2,792.
Persons on board vessels assisted, 16,253.
Persons in distress cared for, 648.
Vessels boarded and papers examined, 31,653.

Fines and penalties incurred by vessels reported, \$267,701.

Derelicts and other obstructions to navigation removed, 48.

Value of vessels and cargoes assisted, \$51,456,995.

Value of derelicts recovered and delivered to owners, \$110,000.

The number of vessels seized or reported for law violations during the year was 2,166, against 596 for the preceding year. No explanation was made in the report as to how many of these craft were rum runners.

Ice Patrol's Work.
Valuable work was done by the ice patrol squadron, the report said, in warning vessels of the dangers of icebergs in ocean travel lanes.

BOARD OF HEALTH BUDGET EXPECTED TO BE \$50,000

Common Council's Decision to Build
Addition to Slaughter House Responsible for \$12,000

Approximately \$50,000 will be sought by the health board this year when the board of finance and taxation meets to consider the estimated expenses of the several departments.

This amount is considerably in excess of that of last year and is very nearly twice the amount that was granted the health board two years ago.

For the regular expenses of the department, approximately the same amount as given last year, or \$36,200 will be required. The hospital appropriation for this year was \$12,000 and at least as much will be needed for next year. The common council has ordered that \$12,000 be included in the budget for a slaughter house addition, this bringing the total beyond the \$50,000 mark.

EASTERN SECTION NOW COMBED IN BOOZE PLOT

Territory As Far West As Pittsburgh
Being Closely Searched By Prohibition Agents.

Washington, Nov. 22.—The entire eastern section of the country as far west as Pittsburgh is being combed by federal agents in an effort to stamp out a liquor smuggling and marketing conspiracy described as one of the "most gigantic combinations known" whether legal or illegal.

Working on clues obtained by the Savannah, Ga., grand jury which yesterday indicted 124 persons for alleged violation of the prohibition laws, the agents, according to William J. Burns, chief of the bureau of investigation of the department of justice have a winter's work before them that is expected to provide sensational results.

A spokesman for the department declared the Savannah indictments "were only the beginning" and that others could be expected shortly in connection with the same combination. In addition it was said the grand jury's inquiry shed light on other conspiracies and those, too, are being investigated. Some "widely known persons who hitherto have been able to keep in the background" it was confidently predicted will be caught in the net and special efforts will be made to run down the financial backers of the vast illegal enterprise.

HUBBARD IS RE-ELECTED

Middletown Man Once More Will
Head the Manufacturers' Association of Connecticut, Inc.

New Haven, Nov. 22.—E. Kent Hubbard of Middletown was re-elected president of the Manufacturers' Association of Connecticut, Inc., at the annual session held today. The terms of the four directors expired this year, and to fill these places the elections were: F. R. Apple, secretary of the Warrenton Woolen Co., Torrington; John F. Rogers, president, manager, United States Finishing Co., Norwich; Harris Whittemore, president of the Eastern Malleable Iron Co., Naugatuck; and Samuel M. Stone, president of Colt's Patent Fire Arms Mfg. Co., Hartford. The directors who retired were: F. F. Barnes, Bristol; C. H. Alford, Torrington; J. P. T. Armstrong, New London; and F. B. Farnsworth, New Haven. John H. Goss of Waterbury was re-elected vice-president and Robert C. Buell of Hartford treasurer and secretary.

The business session received the annual reports of the several officers and the nominating committee reported in the list of officers and directors to be voted on.

MORE STARTLING REVELATIONS MAY COME AS RESULT OF ANOTHER PROBE INTO LICENSES OF CHIROPRACTORS

Whereabouts of Dr. Sutcliffe of Unionville Still Unknown
and Efforts to Effect His Arrest Have Been Fruitless

Hartford, Nov. 22.—Many chiropractors now practicing in Connecticut must explain to the state's extraordinary grand jury just how they obtained the credentials on which they obtained licenses to practice in Connecticut.

It has become evident to the members of the grand jury during the three sessions this week, it is understood that other medical men besides many with electric licenses had been licensed as a result of fraud in connection with their qualifications. The probe will therefore extend to other branches of medicine and it is expected that disclosures will be forthcoming that will rival those in the electric field.

Testimony before the grand jury

TOWN HOME CONTRACT BEFORE BOARD AGAIN

Charity Commissioners Expected to Award It to C.
L. D. Co. Today

Judge W. F. Mangan, chairman of the charity board, has called a special meeting of that commission for 4:30 o'clock this afternoon and it is expected that contracts will be signed at that time with the C. L. D. Construction Co. for the erection of an annex to the present town home buildings. The common council last night voted to permit the charity board to award the contract to any contractor whose bid was not higher than that of the C. L. D. Co., after it had rejected a recommendation that contracts be entered into with the C. S. Porris Co. of Hartford. The council had on two previous occasions refused to ratify a contract with the C. L. D. Co.

Chairman Mangan said his opinion has not been changed and that he favors awarding the contract to the C. L. D. Co. because it is a local concern and because it will give the city the benefit of T. W. Crowe's personal supervision during the work. On two occasions when the matter came before the charity board, the vote was unanimous in favor of the C. L. D. Co. and members changed their recommendation only after the council had twice refused to support the original resolution.

CALLED IN MILLS CASE

Subpoena Served on Robert C. Vance
in Connection With Raid on Southington Inn by Alcorn's Men.

In connection with the prosecution of J. Willis Mills, Senator Richard Covert and Alderman Cornelius Dehn, recently arrested in a liquor raid at the Southington Inn, State's Attorney Hugh M. Alcorn has made out a subpoena calling Robert C. Vance of the Herald staff as witness for the state to tell what he knows concerning the case. It is not known whether any further subpoenas on New Britain people have been served. The subpoena was served on Vance last night by a deputy sheriff from Hartford. The case of Mills, Covert and Dehn will come to trial on December 4 and in an action entirely separate from the action against Charles Lynch, proprietor of the Southington Inn, charges of malfeasance in office have been brought against Mills, who was a prohibition officer at the time of his arrest, and other charges have been brought against Covert and Dehn.

Insinuations have been made by Hartford Courant that "New Britain men" were present at the time of the raid. So far as known, however, Vance is the only witness for the state yet to be summoned.

THREE DIE IN GUN FIGHT

Tennessee Mountaineer Kills Two Enemies, Then Mistakes His Own Son
for Enemy and Kills Him.

Cookeville, Tenn., Nov. 22.—Three men are dead and another seriously injured as the result of a gunfight between John Buckner and his son, and Joe Woody and his son, according to a report received here from the mountainous section of Fentress and Cumberland counties. It is reported that Buckner, mistaking his son for young Woody, shot and instantly killed him after having killed the two Woodys. Buckner is reported to be seriously injured, having been shot in the face by young Woody. Because Buckner's recovery is doubtful he has not been arrested.

City Plan Commission To Talk Over Zoning

A meeting of the city plan commission has been called for 4 o'clock tomorrow afternoon to discuss the zoning movement. The commission has before it a resolution adopted by the common council which approves the zoning idea and requests that an ordinance to that end be created.

BOY HUNTER KILLED

Cambridge, Vermont, Nov. 22.—Word was received here today of the fatal shooting of Dayton Lamb, 14 years old, at Fletcher, four miles from here yesterday. A bullet from a rifle which he had carried with him when he went into the woods to visit some traps had pierced his heart. It is supposed the trigger was caught on a branch.

Walks Around Campus Seeking Yale Brewery

New Haven, Nov. 22.—In search of the "Yale brewery," the driver of a New York truck appeared on the Yale campus last night anxious to deliver a load of 20 barrels of denatured alcohol to a chemical company which now occupies the plant of the Yale Brewing Co., about a mile from the campus. "Guess he's read about the grape juice incident," said one of a crowd of students who gathered to take a whiff of his cargo. "Smells like perfectly good hooch," another remarked. After much bantering of the mystified driver, the students directed him to the brewing plant where the load was delivered.

COOK DENOUNCED AS HE HEARS SENTENCE

Arctic Explorer Faces 14
Yrs., 9 Mos. in Prison
and \$12,000 Fine

Fort Worth, Tex., Nov. 22.—Dr. Frederick A. Cook, S. E. J. Cox, and 11 others, who were convicted yesterday in the federal district court, and sentenced by Judge J. M. Kilgus, to serve penitentiary sentences and pay fines ranging from \$1,000 to \$12,000, will have to remain in Tarrant county jail for two months, even if they succeed in making their appeal bonds.

The rapidity with which the grand jury acted in the case of Dr. Edwin Ripley of Unionville when, after hearing Coroner J. Gilbert Calhoun it was recommended that he remove Dr. Ripley as medical examiner, indicates the method the jury proposes to pursue in the probe. When evidence is developed that will warrant action, action will be immediately taken and considerable action is anticipated within the next week.

Suspended Till Monday.
The grand jury has suspended its sessions until Monday morning, the recess being taken to permit process servers to get in some of their work. The jury has pushed its work forward so rapidly that it is well along with the situation as it has thus far developed and it is in readiness to rush things through when it resumes, although it is anticipated the probe will continue for several weeks.

Dr. Donald W. Stewart of Broad Brook has been served with a subpoena and will be heard on Monday. Dr. Stewart was graduated from a southern college which has since suspended. Dr. Stewart was served with a subpoena on Tuesday after which he left home but returned Wednesday evening and is prepared to be examined by the jury. It is said.

Heard Enough Information.
Though Dr. Sutcliffe would probably give interesting information to the grand jury it was said today the jury has plenty of testimony to connect up Dr. Sutcliffe and others with the diploma mill. Whether members of the electric examining board will be called at all is now considered problematical the grand jury being in a position to get information concerning the board's operations without the testimony of the board members.

Dr. James A. Christian of Fairfield, who was questioned by the jury yesterday was not questioned at great length. The brief period he spent in the jury room was surprising to many, but it is believed this was due to the fact that the Sutcliffe incident seemed more pressing and the testimony of Dr. Ripley more desirable. It is understood Dr. Christian will be again called before the jury.

LOSE FORTUNE QUICKLY
Two Peoria, Ill., Men Get \$10,000
Cash as Share of Estate—Few
Hours Later Highwaymen Had It.

Peoria, Ill., Nov. 22.—Russell and Clyde Whitaker, brothers, obtained \$10,000 cash as their shares of their grandfather's estate late yesterday and within a few hours it had passed to the possession of highwaymen. As the brothers were returning to Clyde's home last night after ineffectual real estate bargaining, three armed robbers pointed pistols at them and took their legions.

The police immediately began work on the robbery, but early today had found no clue. It developed that the brothers had visited briefly in a billiard parlor en route home, and the police say they believe the robbers overheard discussion of the contemplated real estate purchase and followed the heirs. The robbery occurred within one hundred yards of Clyde's home.

**Want to Increase Fares
On Providence Trolleys**
Providence, Nov. 22.—The United Electric Railway Co. today asked the public utilities commission for permission to raise street railway fares from 10 to 15 cents for 50 cents. Single fare will remain at 5 cents. The company claims that the receipts are running behind the operating expenses.

HELD FOR FRAUD
Seattle, Wash., Nov. 22.—Carl Buckley was ordered by a federal judge here yesterday to be removed to Scranton, Pa., where he is said by the authorities to be under indictment for using the mails to defraud. They say he advertised thoroughbred dogs at Cumberland, Pa., received payments and failed to send the animals to the prospective buyers.

WANT TO FIGHT DUEL.
Budapest, Nov. 22.—Minister of Education Klebelsberg has challenged Deputy Rakovsky, royalist, to a duel for an alleged insulting remark during yesterday's stormy debate in parliament over the public prayers and other birthday ceremonies for the young Archduke Otto, son of the late ex-Emperor Charles.

DETECTIVES SEEK CLUE TO SOUTHTON GIRL

Miss Anna Heller Has Not Been Seen
By Parents or Friends
Since Monday

(Special to The Herald).
Southington, Nov. 22.—Miss Anna Heller, age about 20 years, of West Center street, has been missing from her home here since last Monday. It became known today. She has been employed in the drug store owned by A. V. Oxley in the center of the town and has not reported for work since closing up Sunday night and has not been seen by her parents or her friends in the days that followed.

Miss Heller has been on several occasions, some of her fellow workers stated, disconsolate over family troubles. She has threatened at various times to run away or do herself harm. She is the daughter of Mr. and Mrs. Fritz Heller.

The Oxley employes have been of the opinion that Miss Heller has been ill until this morning when the store was visited by representatives of a detective agency in quest of clues. It was learned that Miss Heller has been receiving an unusual amount of mail within the past week and her friends are of the opinion that she has left Southington to join friends who are now living in the west.

Members of the family who have been seen by friends of the girl say that they are in complete ignorance of her whereabouts. The detective agency has been by the Heller family.

MRS. STOKES WINS HER SEPARATION

\$800,000 Trust Fund for
Herself and Children Reported Established

New York, Nov. 22.—W. E. D. Stokes, wealthy hotel man, and his wife, Mrs. Helen Elwood Stokes, formerly of Denver, today ended their legal warfare of several years standing through an agreement by which Mrs. Stokes was formally granted a decree of separation.

At the same time Supreme Court Justice Wasservogel dismissed the complaint in Stokes' suit for a divorce, which a jury recently refused to grant him on retrial. The separation decree provided that Stokes should have access at all times to his children who are to remain in the custody of their mother, where they were placed by a divorce court.

The decree does not set forth the terms agreed upon for the support of Mrs. Stokes and her children, but merely confirms "an agreement" providing for such support.

Statements by opposing counsel made it clear that not only have the divorce and separation proceedings ended, but that Mrs. Stokes had relinquished her claim to dower and that she was formally granted a decree of separation. Mrs. Stokes, Jr., her husband's son by his first marriage, have been dropped. As to the criminal proceedings pending in Chicago, they remain just where they were, in the hands of the prosecuting attorney of Cook county.

It was learned on good authority that a trust fund of \$800,000 had been created. The income is to be used for the maintenance of Mrs. Stokes and her two children. Upon her death, the principal is to go to her children.

Mrs. Stokes is to have no interest whatever in Mr. Stokes' estate in the event of his death, and she has released her dower rights to all of Stokes' property, including 75 parcels in New York, the Patchen Wilkes Breeding farm in Kentucky and property in Long Branch, N. J.

Mrs. Stokes is not to appeal the divorce or separation action nor is either party to appeal from the terms agreed upon.

The agreement was signed last night.

Miss Larson Is Bride In New York Wedding

Mr. and Mrs. Stanton Avery Foley have returned from New York city, where they were married last Saturday. Mrs. Foley was formerly Miss Erika Larson, daughter of Mr. and Mrs. John Larson of 623 Stanley street, this city. Mr. Foley resided in Southington. They will make their home in this city, where Mr. Foley is employed in the office of the Stanley Works. Before her marriage, Mrs. Foley was employed in the office of the New Britain Machine company.

Man Is Found Dead; Had Hanged Himself in Garage

Voluntown, Conn., Nov. 22.—E. L. DuPont, 53, overseer of spinning at the Briggs Mfg. Co. mill here was found dead in his garage this morning, his body being suspended by a rope around his neck which was tied to a rafter. Medical Examiner Dr. G. H. Jennings said death was caused by suicide. No reason is known for the act. DuPont has been missing since last night. He leaves a wife.

Three Killed, Another Dying in Quebec Fire

9—THREE KILLED—
Shorbrooke, Que., Nov. 22.—Three were killed and a fourth perhaps fatally injured in a fire today at Colindale, when the residence of William Gendron was razed. Mrs. Gendron and two sons, aged eleven and eight, were killed. A daughter, Jessie, aged five, was seriously burned.

HE FINALLY SUCCEEDED

New Brunswick, N. J., Nov. 22.—The body of a well-dressed, unidentified man was found today hanging by a noose of telegraph wire from an apple tree two miles from here. A broken strap found nearby evidently had been used unsuccessfully.

GERMAN CHANCELLOR IS READY TO QUIT BUT ASKS EARLY DECISION BE MADE

TOLEDO BOMBER STILL HAS CITY IN TERROR

Eighth Attack Made During
Night—Religious Maniac
Suspected

Toledo, O., Nov. 22.—Scurful efforts of large details of plain clothes men and police to apprehend him, Toledo's bomber was still at large today while horrified residents of the west end fearfully discuss his devastating operations. Police say the bombs are being planted by a maniac.

The bomber's latest victim was Charles S. Yant, whose home was partially destroyed last night by a bomb, the eighth bombing here within sixty days. Yant, his wife and another woman smelling the burning fuse of the bomb rushed from the house just as the bomb exploded. The Yant home and neighboring houses were damaged to the extent of several thousand dollars.

Meanwhile the city is in a state of fear with each new explosion may be loss of life. All police and detectives are on the case, which according to Chief Harry Jennings, is the most baffling in the history of Toledo police department.

While there have been no casualties and property damage resulting from the explosions has not been large, the terrorism caused by the uncertainty as to where the next blast might occur has caused police to make every effort to capture the persons or persons responsible.

Apparently, according to police, the bomber is aiming at no particular person or section. His victims say, according to police, they have never been threatened.

Men who have investigated the explosions, including that which damaged the home of Rev. Patrick O'Brien, aged Catholic priest, and also the one in the Norwood Avenue Church of Christ, are loath to consider the theory that a religious fanatic is responsible. They contend that if the terrorist is prompted by a religious mania, it takes the form of hatred for all creeds and all religious organizations. Householders whose lives and property have been assailed since the reign of terror was instituted are of diversified spiritual, fraternal and political affiliations.

CRAZED MAN BEATS WIFE TO DEATH OUT IN STREET

Warren, R. I., Tragedy Leaves Four
Small Children Motherless—
Father Arrested

Providence, Nov. 22.—Ernest Fontaine of Warren was arrested by police of that town early this morning charged with beating and kicking his wife to death in the street in front of their home on Ellis avenue. It is believed that he had gone suddenly insane. Mrs. Fontaine and her husband had quarreled violently earlier in the evening. Their altercation continued after they had retired.

He attacked her, police stated, and she fled to the street to seek safety. Her husband followed carrying a broad knife, which he did not use, however. Neighbors attracted by her screams for help, arrived too late to prevent the tragedy. The woman, terribly bruised about head and chest, was dead when a doctor arrived. Fontaine was found by the police at the home of his father a short time later.

Four small children of the couple were in the house at the time of the alleged murder.

BROWNING'S TRIAL

Defense Is Twice Defeated in Preliminary Scrimmages—Testimony
Heard Today.

Salt Lake City, Utah, Nov. 22.—Twice defeated in legal scrimmages, the defense in the trial of John Browning, Jr. and Harrison A. Browning, cousins, charged with the slaying of Benjamin F. Hallantyne, April 9, 1923, will begin its testimony today. Mrs. Hallantyne, widow of the slain man and sister of John Browning, Jr., is expected to make her first statement since the killing. She probably will not be placed on the stand today, but with her father, John Browning, Sr., of Ogden, Utah, the inventor, and her mother are on the list of witnesses announced by defense counsel.

The prosecution rested yesterday after the court had denied a defense motion for a directed verdict of not guilty and after the court had refused to change the ruling which permitted the alleged dying statements of Hallantyne to be entered as testimony.

New York and Conn. Meet To Discuss Traffic Rules

New York, Nov. 22.—Three boys were arrested today charged with having stabbed John Weeber, a public school teacher, when he refused to discuss with them the failure of a student to pass his examinations. Weeber, with wounds in the chest and abdomen, was said to be in a serious condition. The boys, Dominick Passomondi, 19, his brother, Carlo, 15, and Carmine Solito, 15, are accused of having waylaid Weeber when he left his school in Harlem.

Sees Internal Situation Hopeless and Realizes France Will Give No Aid

Denies Dickering for American Loan But Hopes U. S.
Will Get Into International
Conference.

By The Associated Press.
Berlin, Nov. 22.—In the course of a vigorous defense of his administration from the Reichstag today, Chancellor Stresemann welcomed the renewed American interest in the reparations problem and said he hoped an international conference would be convoked.

He also took the occasion to deny reports published in the German press that the government had been officially approached by American financiers, and added that he had not been informed of any impending international financial action.

The address, which occupied two hours in delivery, dealt at length with both the foreign and internal situations, and was wholly in the nature of a vindication of the Chancellor's policies.

To Ask Confidence Vote.
The government is to demand a positive vote of confidence from the Reichstag, the outcome of which is yet in doubt. Dr. Stresemann was liberally applauded by the three government parties, but their combined vote is insufficient to give him a majority vote.

The Reichstag was heavily picketed with security police in order to prevent the entry of the Communist Deputy Remmele, who was barred from the session in consequence of his obstructive tactics yesterday.

Will Quit If Necessary.
London, Nov. 22.—In his address before the Reichstag today Chancellor Stresemann is quoted by Agency dispatches from Berlin as declaring that his government would relinquish office if it were considered necessary, and that he hoped the Reichstag would make up its mind quickly in order that he might know whether he should continue.

He declared that Germany's internal position was hopeless, and so far as he could see there was not the slightest prospect of effecting improvement.

Dr. Stresemann said that, despite Germany's serious position, efforts would be made to continue negotiations with France, because the German government desired to leave no stone unturned in its efforts to effect an agreement and improvement in the situation.

No Aid From France.
The Reichstag, however, must not be led away by the idea that concessions to France would do much to help Germany. The Reich was in too weak a condition to force counter-concessions from France.

France had expressed fear of serious German developments arising from recent incidents, but he could assure France that any developments that might occur would be due entirely to France herself.

The communist deputies constantly interrupted the chancellor.

Will Bleed to Death.
"Germany will bleed to death over the Rhine and Ruhr if the wound is forcibly kept open by France," he said. "The declaration by France that our help to the hungry Germans in the Ruhr constitutes continuance of passive resistance is untrue; it is shameful."

If Germany permitted France to take coal, not for reparations but for other purposes, then Germany would be acknowledging the justice of the Ruhr occupation. Germany had not one creditor but the whole entente. It is not right therefore that only one should pocket the money.

As to Germany's internal condition, it could only be improved by introducing longer working days.

AMERICAN SEIZED
U. S. Legation At Peking Takes Up
Matter of Capture By Bandits of
Missionary From This Country.

Shanghai, China, Nov. 22.—The American legation at Peking, according to word received here, has taken up with the Chinese government the case of E. W. Schmalzried, the American missionary from Hunan Province whose capture by bandits while on his way from Changchi, Hunan, to Tungien Kweichow, was announced early today.

The legation, it is stated, has sent a note to the Chinese foreign office protesting against the failure of the authorities to protect missionaries and requesting every possible measure to secure Mr. Schmalzried's release.

The advice announcing the missionary's capture said four women accompanying Mr. Schmalzried were allowed to continue their journey.

\$200,000 FOR NIAGARA U.
Niagara Falls, N. Y., Nov. 22.—The Niagara University Alumni association, at the annual dinner here last night, voted to raise \$200,000 to erect a new science building at the university.
